Accessibility:

Ramp:

The accessibility ramp into the sea serves as a pathway that allows individuals with disabilities to navigate from the shore to the water without encountering physical barriers or obstacles. The ramp is designed to accommodate different types of mobility aids, such as wheelchairs, mobility scooters, and walkers, providing a safe and comfortable means of reaching the water.

The ramp is constructed with a gentle incline to ensure smooth navigation for individuals using wheelchairs or other mobility devices. It is made of durable and non-slip material – Bamboo wooden decking supported on Bamboo joists with stainless steel frame.

Ramp size: length 43.5m, width 2m

Platform size: 15m x 5.25m

Slope: 8%

Handrail & Support frame: Stainless steel SS316

Accessible bathrooms:

Accessible bathrooms, designed for individuals with disabilities, feature:

- Wider doorways for wheelchairs.
- Grab bars for support.
- Well-lit, spacious, and slip-resistant.
- Clear signage for easy identification.
- Prioritize privacy and hygiene.

Technology and Audio-Visual Equipment:

Stage and Screen:

The outdoor theatre boasts a spacious stage and a high-quality HP P3.91 LED Display screen measuring 6*4 m.

Audiovisual Equipment:

The theatre is equipped with top-notch technology. The HP P3.91 LED Display guarantees stunning visuals with vibrant colors and sharp resolution. Additionally, the screen includes a dedicated controller for seamless operation and content management.

Sound System:

Three outdoor speakers from Yamaha. The total wattage of the amplifier mixer reaches 1000 watts.

Catering Services:

We offer diverse catering options, including renowned in-house services from top restaurants like Mezamania, Nostalgia, Paul, and more.
